

Frontera Healthcare Network Expands Access to Care in Brady with Clinic Renovation and Fundraising Campaign

Brady, TX – Frontera Healthcare Network, a 501(c)3 nonprofit organization, committed to providing quality, affordable healthcare, is excited to announce the renovation and expansion of our Brady Clinic. At Frontera, our mission is rooted in a deep understanding of the varied needs of our patients. We believe that health is not just the absence of illness, but the presence of overall well-being and access to quality care. We are committed to breaking down barriers and providing comprehensive healthcare services tailored to the unique needs of each individual we serve, no matter their background, circumstances, or ability to pay.

Rising healthcare costs and economic challenges have made it increasingly difficult for some families to access essential medical and behavioral health services. At Frontera, we believe that a healthier community leads to a stronger local economy—when people receive the care they need, they experience a better quality of life, miss fewer workdays, and can better support their families.

We remain steadfast in our commitment to guarantee care is affordable, accessible, and delivered with the highest standards of quality and transparency. In addition to medical services, Frontera is committed to supporting overall community well-being. We provide essential services at no cost, such as assistance with health insurance enrollment and public benefit applications, free school physicals, and community wellness initiatives. These efforts help address critical nonmedical drivers of health and ensure that care remains available to all.

Frontera is proud to be among the top 20% of health centers nationwide to receive a silver badge from the Health Resources and Services Administration (HRSA) in 2024- a recognition of our exceptional performance in clinical quality, operational efficiency, and patient satisfaction. As a trusted provider of comprehensive care in Brady and surrounding counties, our clinic has long been dedicated to meeting the community's healthcare needs. However, with demand for our services steadily increasing, expansion is essential. Our upcoming renovation will add four new medical exam rooms and an enhanced behavioral health space, enabling us to significantly increase patient capacity. This expansion will also allow us to bring in additional medical and behavioral health providers, ensuring timely, high-quality care in a modernized facility.

We are excited to announce the launch of a Capital Campaign to support the Brady Clinic project, with a fundraising goal of \$430,000. To date, Frontera has secured \$650,000 toward the total project cost of \$1,080,000. Frontera is reaching out to the community to spread awareness and help raise the remaining funds needed. This investment will enhance healthcare access for residents of Brady and the surrounding areas, ensuring high-quality, comprehensive care for years to come. Every contribution, big or small, brings us closer to making this vision a reality.

We invite individuals, businesses, and organizations to join us in this effort. Donations can be made online at www.fronterahcn.org or in person at the Brady Frontera Clinic.

For more information about our clinic expansion, ways to donate, or how to get involved, please contact Frontera Healthcare at (325) 869-5500. Together, we can build a healthier, stronger Brady.
