

Frontera Healthcare Network Ensures Continued Pharmacy Access for Menard Residents After Myers Drug Closure

MENARD, TX – Frontera Healthcare Network is saddened by the news that Myers Drug, a well-known and trusted pharmacy in Menard, will soon close its doors. Myers has served the community with care and dedication for many years, and its departure marks the end of an era for many local residents.

To help fill this gap, Frontera is committed to continuing local access to prescription medications through Health Center Pharmacy, operated by Frontera. Health Center Pharmacy offers daily medication deliveries to the Frontera Menard Clinic, providing a convenient and reliable option for patients. The pharmacy also offers discounted pricing programs to help make medications more affordable for those who qualify.

Because Health Center Pharmacy operates under the federal 340B drug pricing program, which is designed to serve patients of community health centers, pharmacy services are available only to established Frontera patients. This ensures proper coordination between providers and pharmacy staff and allows Frontera to offer medication discounts to qualifying individuals.

To become a Frontera patient, residents can contact the Frontera Menard Clinic directly. The process is simple and includes scheduling an initial appointment to establish care. Once you are an established patient, you'll have access not only to Health Center Pharmacy but also to a wide range of healthcare services- including primary care, chronic disease management, behavioral health, and more.

“We understand that change like this can be unsettling, but we want Menard residents to know they are not alone,” said Mikki Hand, Executive Director of Frontera Healthcare Network. “Our team is here to provide high-quality care and help ensure you continue to get the medications and services you need- right here at home.”

To schedule an appointment or learn more about becoming a Frontera patient, please call the Frontera Menard Clinic at (325) 396-4612 or visit www.fronterahn.org
