

**FOR IMMEDIATE RELEASE**

**Frontera Healthcare Receives Grant from the San Angelo Area Foundation to Support Brady Clinic Expansion**

**BRADY, TEXAS** — Frontera Healthcare is proud to announce it has been awarded a **\$32,300 grant from the San Angelo Area Foundation** to support the Brady Clinic Expansion Project- an investment that will strengthen access to high-quality, patient-centered care for families in the Heart of Texas.

The San Angelo Area Foundation, established in 2002, is a leading philanthropic organization dedicated to improving quality of life across the Concho Valley. Through donor partnerships, strategic grantmaking, and a long-standing commitment to community well-being, the Foundation supports initiatives that make a measurable difference in the lives of people throughout the region.

The Brady Clinic Expansion Project represents a major step forward for local healthcare. The project includes a newly constructed addition to the existing clinic, expanded exam and patient care spaces, behavioral health rooms, and improved clinic flow designed to create a more welcoming and efficient experience for patients. These changes will allow Frontera Healthcare to serve more people, reduce wait times, and support a full range of services for all ages.

With this expansion, Brady will also see the introduction of several important service lines that previously required traveling out of town. The community will soon have local access to pediatric care, psychiatric services, bilingual counseling, and increased family medicine capacity. These additions are part of Frontera Healthcare's commitment to ensuring that every resident- regardless of background, stage of life, or healthcare needs- has access to exceptional, compassionate care close to home.

The generous support from the San Angelo Area Foundation brings Frontera Healthcare significantly closer to completing the project. However, additional funding is still needed to fully finish the expansion and open these enhanced services to the community. Frontera encourages individuals, businesses, and philanthropic partners to join in supporting this effort. Contributions of any size help bring high-quality, hometown care to everyone in Brady and the surrounding areas.
